## STORY BACKSTAGE

Our li'l girl Siyarah was frolicking with her favorite toy when the car stopped at the red light, there were few underprivileged kids nearby at the red light. They came towards the car near the window where Siyarah was sitting and started peeking inside the car. Somehow, Siyarah managed to open the window of the car and playfully gave her toy which she was playing to one of the Kid. The kid got so happy that he started bopping and dancing on the street. Siyarah's sister, Shanaya was so stirred by the incident that she asked and demanded her parents to give their all toys to these kids and that is how their Parents Mrs. Neha Aggrawal and Mr. Vivek Aggrawal thought of an initiative with the intention to provide a playful childhood to those kids for whom it's a distanced dream. Further, while working on Toy Bank and conducting R&D for establishment of Toy Bank Mrs. Neha Aggrawal was moved by Food, Education, Cloths, employment suffering of the underprivileged kids. While further researching she was stunned to know the pitiful situation of Underprivileged kids. Also, the response she received from the Toy Bank was amazing and thereafter, she decided to open six different projects (Banks) that are The Little Girl's Book Bank, The Little Girl's Food Bank, The Little Girl's Job Bank, The Little Girl's Plant Bank, The Little Girl's Toy Bank and The Little Girl's Wardrobe Bank to promote social and economic justice for underprivileged kids across the globe.

Keeping all this in mind, The Little Girl's Plant Bank has started a "Go Green" initiative. ## WARDROBE★BANK

One Attire = Confidence

Many people just throw their old clothes away. Old pair of jeans which one no longer fits in, an ancient sweater with some wool pulled off, a ragged t-shirt and all such clothing we abandon and move up to the latest fashion. However, when it comes to underprivileged kids there basic 'Freedom of Dress' is far away from veracity. Even some fail to obtain essential attire~on the body in order to protect it against the adverse climate conditions. We at The Little Girl's Wardrobe Bank, started this magnificent initiative with the object to collect clothes from people who no longer need them, and distribute these clothes to the underprivileged Kids across the globe.

**Our Vision** is to enable every underprivileged kid a physical safeguard to the body, preventing harm from climate and environment by providing them clothes.

**Our Mission** is to address the psychological changes of every underprivileged kid that occur when clothes are worn because the clothes we wear affect our behavior, attitudes, personality, mood, confidence, and even the way we interact with others.
