# The Little Girl's

## PLANT ★ BANK

One Plant = Ecofriendly

We at The Little Girl's Plant Bank believe in order for people to make eco-conscious choices, there has to be an eco-conscious choice available for them to make and it's not easy to go green, to make deliberate eco-friendly choices when you're barely getting any. Keeping all this in mind The Little Girl's Plant Bank has started a "Go Green" initiative.

We at The Little Girl's Plant Bank are helping underprivileged sections of society specially kids to develop tailor-made "**Go Green**" plans that help them set goals to conserve resources, and the tools to measure their success.

This magnificent initiative is a postulation of The Little Girl's Foundation. We are free and accessible to every underprivileged section of society across the globe. Our mission is to create a profound impact on underprivileged communities – both by saving precious resources today, and by teaching the kids how to be environmental stewards for a lifetime.

STEP TOWARDS A BETTER TOMORROW

## ABOUT THE LITTLE GIRL'S FOUNDATION

The Little Girl's Foundation is all about what makes an underprivileged kid grow at a heady pace, expand its strength, build a valuable brand and stand tall in the competition globally. We understand the purpose and acquisition of the values, knowledge and skills of the underprivileged kids of the society. We are engaged in the acquisition, integration, evaluation and utilization of these critical components to inform their practice and development and to prepare them to work to alleviate poverty, oppression, and discrimination, and promote social and economic justice for underprivileged Kids across the globe through its six different projects (Banks) that are:

- 1. The Little Girl's Book Bank**
- 2. The Little Girl's Food Bank**
- 3. The Little Girl's Job Bank**
- 4. The Little Girl's Plant Bank**
- 5. The Little Girl's Toy Bank**
- 6. The Little Girl's Wardrobe Bank**

We at The Little Girl's Foundation believe that the happiest people in the world are those who devote themselves in the service of others.

## OUR VISION

Our Vision is a world where flora is equitably available, and all underprivileged children are healthier as a result of adhering to the principles of the Go- Green Initiative of The Little Girl's Plant Bank.

## OUR MISSION

Our Mission is to provide underprivileged communities with the tools, training and ongoing support they need to create a "culture of sustainable conservation" and natural resource stewardship and to conserve and protect natural resources for future generations, and to protect human health through environmental stewardship.

## THE LITTLE GIRL'S PLANT BANK – THE GREEN DRIVES

Collection Drive

Distribution Drive

Plantation

Educate The Community On Eco-friendly Options

## COLLECTION DRIVE

We gather and collect plant saplings through our dropping/collection centers. These collection centers are Schools, homes and offices. Anyone interested in planting a sapling can come to our collection centers and drop a sapling. Interested donor can also give a call at collection center for Pickup and our collection drive team will coordinated and arrange a Pickup from your address. This entire process is called collection Drive.

## DISTRIBUTION DRIVE

The plant saplings go for proper assessment and then on the basis of research and study conducted by Pre – Assessment, the saplings are segregated based on the type of soil they require. Further, saplings are packed with the tags of Donor and then distributed and dispatched for plantation on '**Plantation Day**'.

At Plantation Day we also click photograph of the person donating and planting the sapling and send it to respective donor.

# PLANTATION

Plantation is the harbinger of prosperity considering the manifold benefits of plants, including that they release oxygen into air, absorb unpleasant odors as well as harmful gases such as carbon dioxide, carbon monoxide and sulfur dioxide from the air and purify it, provide us with food and play many other pivotal roles, so the need to carry out plantation drives becomes utmost important to every individual. We carry out plantation drives with the help of our volunteers all over the globe and plant trees and nourish them later.

***"Trees of Today were planted by your forefather, so follow their suits"***

## EDUCATE THE COMMUNITY ON ECO-FRIENDLY OPTIONS

We promote a greater awareness of the importance of the "Reduce" part of the Reduce-Reuse-Recycle mantra. We through our orientation teaching programs educate the underprivileged communities about the ultimate goal that is to learn how to make a Zero Waste Home. We through the Eco Footprint, Carbon Footprint and Water Footprint calculators give a great way of teaching to determine how we are impacting the environment.

We invite applications for volunteer programs on a rolling basis who get to work closely with the core team and Certificates are issued to on satisfactory completion of their tenure.

- A Volunteer will be coordinating with the representatives of the organization as per the demand of the work.
- A Volunteer will be the face of various campaigns of The Little Girl's Plant Bank.
