## IN CONVERSATION WITH MS. SNIGDHA JAIN “THIS FOUNDATION HAS REALLY GIVEN ME A CHANCE TO EXPLORE MYSELF”

SAY'S MS. SNIGDHA JAIN

**Snigdha Jain**

**Q. How long has it been since you joined the foundation?**

**A. I joined about a month ago.**

**Q. What would you like to comment about the progress of the foundation since you joined till the present day?**

**A. When I initially started working here a month ago, the foundation was very new. Over this time, we've grown a lot of following on social media, loads of recognition and many volunteers. Overall, it is a very big and great progress.**

**Q. What has your overall experience been like?**

**A. I actually joined this foundation because I had nothing to do at home and saw this as a great opportunity. I honestly, did not expect myself to come as far and the foundation to progress so much so quickly. This foundation has also really given me a chance to explore myself. All in all, my overall experience has been great and would like for it to continue as well.**

**Q. What new things did you learn about yourself as a person?**

**A. I always knew that I liked to initiate ideas. Joining this foundation really gave me the chance to actually share and initiate my ideas amongst a group. That aspect has personally given me a lot of self-confidence.**

**Q. What advice would you like to give to a newcomer?**

**A. As a new member myself, I would say give the advice for the newcomer to put themselves out there. The foundation consists of the type of people who are always welcoming and listening to new ideas so don't feel doubtful whenever a new idea comes up in your head. Also, stay confident and maintain it throughout!**

## IN CONVERSATION WITH MS. SUHANI BANSAL

**“DON'T BE AFRAID TO COME UP WITH IDEAS”**

SAY'S MS. SUHANI BANSAL

**Suhani Bansal**

**Q. How long has it been since you joined the foundation?**

**A. I joined the foundation about over a month ago.**

**Q. What would you like to comment about the progress of the foundation since you joined till the present day?**

**A. Our foundation has taken some huge steps over the month such as drives, and game events which has really contributed to the growth and progress of the foundation. The volunteers joining has also increased by a big number and there have been a lot of new faces recently.**

**Q. What has your overall experience been like?**

**A. Even though I haven't been a part of too many foundations, my experience with this foundation was very different from the others. Being a part here felt really comfortable and friendly with all our smallest efforts being acknowledged. The founders of the foundation have also been very supportive and welcoming towards each and every volunteer.**

**Q. What new things did you learn about yourself as a person?**

**A. This one is a bit tricky. Prior to joining the foundation, I had never taken on the role of a leader. However, being the executive of the foundation in the handling of the social media and taking up responsibility of guiding people alongside and attending meetings has been a really new experience for me.**

**Q. What advice would you like to give to a newcomer?**

**A. One should really be loyal to the foundation and give your best. Another thing, don't be afraid to come up with ideas because you never know when the smallest of the ideas can shine. And lastly, don't fear to do anything!**

I came across this THE LITTLE GIRL'S FOUNDATION which everyday makes me glad to be part of it, everyone here is ready to give their best just to prove, there is still humanity in Humans and makes me aware that how much priceless a smile is, that though money can buy many things but not all the things. And trust me there is nothing better than seeing people smile, just because of the efforts you made for them.”

- Rafia Chaman (The Little Girl's Toy Bank)

“Since day one to the present day, all I saw around me were smiles and willingness of the people around me wanting to make lives better for strangers because they know what their lives are worth and want the same to be experienced by the kids who do not have that. The Little Girl's Foundation family is the one i'm honoured to be a part of.”

- Medha (The Little Girl's Book Bank)

# MESSAGE FROM THE TEAM

“For a long time, I've been empathetic towards the people and the circumstances around me, but as one grows through life emotionally and physically, one starts to realize that mere empathy shall not help put a smile on young poor children's faces, concrete action shall. The little girl's foundation helps not only me but so many people around me realize and give back to the society through simple yet effective means. I know I've been very oblivious and inactive for the most part due to my exams and constant classes, however I wish to change that. I wish to be an active and helpful member of the organisation and put smiles on little one's faces.”

- Anureet (*The Little Girl's Toy Bank*)

“One thing that really attracted me about “The little girls foundation” was how welcoming they were to everyone and to all the ideas. Not only did they want to work for the better but also for spreading happiness which is something I would want to work for too.”

- Niyati (*The Little Girl's Wardrobe Bank*)

“A little act of kindness can put a colossal burst of sunshine in someone's day. I want to be the reason someone believes in the goodness of people and with The Little Girl's Foundation I know I am on the right path. I am more than honoured to be a part of The Little Girl's Foundation who work effortlessly to bring smiles on children faces and shower them with love they deserve.”

- Muskan (*The Little Girl's Plant Bank*)
